

ParticleSystem::setCollide
Attraction

```
graph RL; display[display] --> ParticleSystem[ParticleSystem::setCollideAttraction];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'ParticleSystem::setCollide' on the top line and 'Attraction' on the bottom line. The box on the right is white with a black border and contains the text 'display'. A blue arrow points from the right side of the 'display' box to the right side of the gray box.
